Emergency Management
Humanitarian Logistics and Healthcare Course

Jeffrey Hescock
Director of University Emergency Management and Business Continuity

February 4, 2014
Emergencies Happen
Emergency Management

Emergency Management creates a framework to help communities/campuses to reduce vulnerabilities to threats and hazards and assists in coping with disasters.

- Based on Coordination versus Management.
- Integrated into daily decisions.
- Involves planning for potential incidents/events.
- Protects the University Mission
Five Phases of Emergency Management

- Mitigation
- Prevention
- Preparedness
- Response
- Recovery
Mitigation Phase

- Mitigation is the action colleges and universities take to eliminate or reduce the loss of life and property damage related to an event or crisis, particularly in regard to events or crises that cannot be prevented.
Prevention Phase

- Reviews existing campus and community data
- Assesses facilities and grounds
- Assesses culture and climate issues
- Identify our vulnerabilities
Preparedness Phase

- Prepares for, and Mitigates the effects of emergencies
- Designs strategies, processes, and protocols prior to an emergency
- Is a continuous process
Response Phase

- Is the action we take to contain and resolve an emergency effectively
- Activates our EOP
- Requires informed decision-making and clear lines of authority
Recovery Phase

- Establishes procedures, resources, and policies to return to normal functions
- May be a prolonged process
- Restores the learning environment
- Begins in the Preparedness Phase and requires support from campus leaders
Integrated Emergency Management

- Emergency Management is integrated into “daily activities”.
- Enables outside agencies to work together with UMass Amherst Departments by improving coordination and cooperation among those involved.
- IEM addresses all hazards on Campus, is useful in all phases of response and will knit together all participants for a mutual goals.
Lessons Learned from the Boston Marathon Tragedy
Boston Marathon Route

Official JetBlue Course Map

Gatorade and Poland Spring are available to runners at every mile mark along the course and at the finish line.

Key Points

- Three Command Centers Established
  - Policy Group
  - Operations
  - Command Post
- Data Requests
- Interviews
- Continued Investigation
- Logistics
  - Hotel Accommodations
  - Dining Services
  - Transportation
Next Few Days

- **Saturday 4/20/13**
  - Campus remains closed to accommodate ongoing investigation

- **Sunday 4/21/13**
  - Campus opens at 9 a.m. and residence halls at 12:00 p.m. following completion of evidence recovery by FBI
  - Campus hosts ice cream social

- **Monday 4/22/13**
  - Student Vigil

- **Wednesday 4/24/13**
  - UMass Dartmouth Community BBQ
UMass Dartmouth
2013 Torch Relay
Sunday, June 30
Everyone should take three preparedness steps:
1) Get a Kit
2) Make a Plan
3) Be Informed
