

On This [#MeetMonday](#), we want to introduce Ladimer S. Nagurney, professor of electrical, computer, and biomedical engineering. Every day, he is excited to work with students on designing the next generation of sensor systems. Learn more at [bit.ly/uhart-nagurney](http://bit.ly/uhart-nagurney).

**[CETA]**  
**#MEET MONDAY**

“I enjoy teaching to first-year students as they inspire me with their sense of wonder and amaze me with their innovative design projects.”

LADIMER S. NAGURNEY,  
Professor of Electrical,  
Computer, and Biomedical  
Engineering
