Nagurney Co-authors POMS Presentation

Posted 05/09/2016

Category: Accolades

Ladimer S. Nagurney, professor of electrical, computer, and biomedical engineering in CETA, was a co-author of a conference presentation, *A Supply Chain Game Theory Framework for Cybersecurity Investments Under Network Vulnerability*, at the 27th Annual POMS Annual Conference held May 6-9, 2016 in Orlando, FL.

His co-authors were Shivani Shukla, a doctoral student and Professor Anna Nagurney, both of the Isenberg School of Management at the University of Massachusetts, Amherst.

The presentation may be [viewed here](#).
